

5.1 - PURPOSE STATEMENTS

B. Office Districts

1. **O Office Zoning District**

The O Office Zoning District is intended to provide for an environment of low intensity office and service uses, mixed with residential uses. The O District may additionally serve as a transition between single-family residential areas and more intensely developed commercial or industrial areas within the City of Knoxville.

2. **OP Office Park Zoning District**

The OP Office Park Zoning District is intended to accommodate large office developments and office parks/campuses. The district is oriented toward larger-scale complexes that may include accessory services for employees such as personal services, restaurants, and retail establishments. District standards are intended to guide the development of office as a more campus-like environment.
